

Top 5 Construction Blog Websites

Every month we send you informative newsletters about what is going on in the construction industry. This month, we thought we'd let you check out the Top 5 Construction Blog Websites as recommended by TrueLook. These blogs are really worth looking into (like we'd sent you anything not worth reading!).

1. **Constructonomics** <http://www.constructonomics.com/blog/>

Blogs: "Dealing with Construction Agreements", "Construction Work Accidents" and "Seven Things to Do When an Owner Doesn't Pay" (Figure out what you are dealing with, consider a lawyer, file a mechanics lien, consider mediation, charge interest on outstanding balances, file a lawsuit if you have to and don't freak out).

2. **Construction Informer** <http://constructioninformer.com/>

Blogs: "The Phenomenon of Self-Healing Concrete" to "Use of GPS Fleet Tracking to Have More Control Over Vehicle and Equipment Costs" (5 advantages: Stop excess idling, stop unauthorized use, reduce maintenance costs, always know location of vehicles and more accurate billing).

3. **Construction Marketing Association Blog** <http://www.constructionmarketingblog.org/>

Blogs: "Safety tips" (Know where the first aid kit is, ensure all tools are operating correctly, wear proper safety gear and be vigilant), "Simplify Employee Timekeeping" (Timesheet Mobile App), "Relationship Marketing and Developing Loyal Customers" (Prioritize, help customers, maintain constant customer contact, spend time with top prospects and customers, timing and care about their business).

4. **AEC Business** <http://aec-business.com/>

Blogs: "Construction Robots and Drones in the Headlines" (Exoskeleton for construction workers, driverless truck aims to improve safety in construction zones, aerosense drones take to the skies), "Bid to Win in Professional Services" (Stay top of mind with clients, select projects that are strategically right, identify and analyze risks, meet with client expectations, enter to win, plan realistically and make your proposal a sales document).

5. **ModSpace Blog** <http://blog.modspace.com/>

Blogs: "Simple Tools That Improve Worksite Safety", "2 Commonly Overlooked Job Site Hazards and How to Avoid Them" (Working alone and mobile phones), "New OSHA Confined Spaces Rule" (started August 3rd) and "5 Tips for Better Subcontractor Management in Construction" (Prequalification, set expectations, have a plan, communicate often and requalify).

Hope you enjoy all blogs!
